Demountable Sign Boards

With P7402 or P7403 models available, our demountable signboards can be deployed in a hard-wired or radio controlled configuration. Designed as a compact solution, all models use minimal space on the body of the pick-up, enable easy access to the load space and can be placed in the stow position, where the aerodynamic design helps reduce drag.

- Durable 4-fold lamps - 340mm LED Lights
- Forklift pockets for demount as standard, with optional jacklegs for removal
- Complies with Chapter 8 and Lantra
- Easily changeable wicket plates
- Integral sign rack for wicket and yardage plates
- Distance warning of works
- Warning of lane closures ahead
